OFFICE OF THE SECRETARY

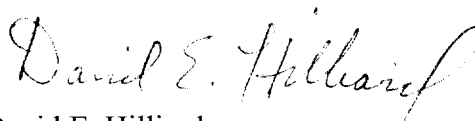

Re: ***Ex Parte* Notification**
ET Docket No. 98-153
Ultra-Wideband

Dear Ms. Salas:

This is to note that on June 14, 2000, Rachel Reinhardt and William Beeler of Time Domain Corporation and Phillip Inglis, with whom Time Domain has consulted, met with Kenneth Nichols, David Means, and Greg Czumak of the Office of Engineering and Technology at the Commission's Laboratory in Columbia, Maryland, to discuss measurement issues raised in the *Notice of Proposed Rulemaking* released May 11, 2000. The discussion focused on the specification for peak level measurements in a 50 MHz bandwidth and broadband peak measurements related to the proposed 60 dB requirement. Time Domain is still in the process of developing comments on these issues. The discussions were preliminary to that task.

Should any questions arise concerning this matter, please contact me.

Respectfully,

David E. Hilliard
Counsel for Time Domain Corporation

cc: Messrs. Nichols, Means, and Czumak
